PROFILE

Computer Science graduate with strong skills in software development, databases, and web technologies. Passionate about technology, problem solving, and continuous learning. Seeking an opportunity to contribute technical and analytical skills in a professional environment while expanding technical expertise and gaining practical industry experience.

EDUCATION

Bachelor of Computer Science
Lebanese University – Faculty of Sciences
Expected Graduation: 2026

SKILLS

Programming: Java, C#, C++, Python, PHP
Web Development: HTML, CSS, JavaScript
Mobile Application Development: Android (Java)
Databases: MySQL, SQL Server
Tools & Platforms: Git, GitHub, VS Code, Jira
Microsoft Office: Word, Excel, PowerPoint

PROJECTS

E-Commerce Web Application (Team Project | Full-Stack)

Developed a full-stack e-commerce platform for managing products, orders, and users.

- Implemented secure authentication and authorization using password hashing

(bcrypt).

- Built an admin dashboard for product and order management.
- Developed shopping cart, order processing, search, and filtering functionalities.
- Designed a responsive user interface and collaborated using GitHub version control.
- Technologies: HTML, CSS, JavaScript, MySQL, Git, GitHub
- GitHub: <https://github.com/ahmadmabd/Ecommerce>

Hotel Management System (Team Project | ASP.NET Web Application)

Developed a hotel management system for room reservations, customer management, and billing operations.

- Built customer and administrator portals with role-based access control.
- Implemented room booking, customer record management, and administrative functionalities.
- Integrated Oracle Database for secure data storage and retrieval.
- Collaborated using Jira and GitHub in an Agile development environment.
- Technologies: ASP.NET, C#, Oracle Database, GitHub, Jira

Hospital Website (Front-End Development)

Developed a responsive hospital website with service, doctor, contact, and appointment pages.

- Implemented interactive features using JavaScript and modern UI/UX principles.
- Ensured compatibility across multiple devices and screen sizes.
- Technologies: HTML, CSS, JavaScript

EXPERIENCE

Computer Science Tutor (Freelance) | 2024 – Present

- Provided private tutoring in Computer Science and programming for multiple students.
- Guided students through exercises in Java, Python, HTML, CSS, and JavaScript.
- Explained complex concepts in a simplified manner to enhance understanding and practical skills.
- Prepared exercises and mini-projects to reinforce learning and problem-solving abilities

LANGUAGES

Arabic (Native) | English (Professional Working Proficiency) | French (Basic)
